

Building Careers Stronger Than Steel

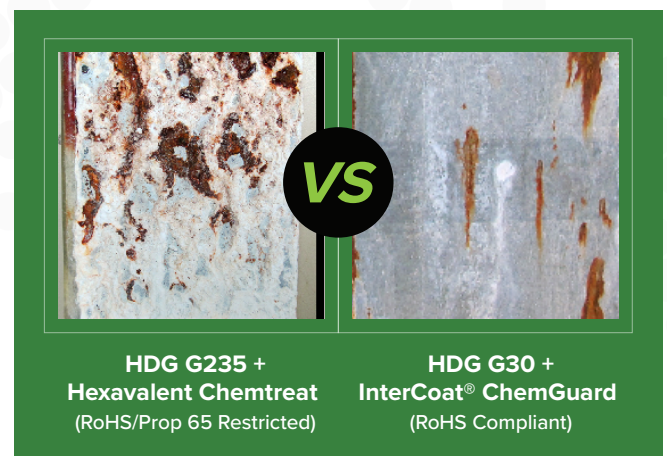

Redefine the steel industry with us.

Environmentally Conscious. Superior Metal Protection.

For over 20 years, Chemcoaters has worked directly with customers to develop some of the most **advanced steel-protecting coatings** available on the market.

We develop, test, manufacture and apply coatings all **on-site** at our facility in Gary, IN, giving our customers a serious competitive edge.

Our products—which include corrosion inhibiting coatings, dry film lubricants, TFAs, & more—are designed to **increase the longevity, efficiency, and overall performance of steel.**

A Team Built on Strong Values

Degrees are great. Work ethic is better! We're looking for team members eager to learn, ask thoughtful questions, generate new ideas, and think critically. Mutual trust and independence are crucial to our success.

Certified Great Place to Work®

We think we're a great place to build a career, but don't just take our word for it. While we're officially third-party certified, we didn't achieve that alone. Our employees just love working here, and we strive to continue earning their trust.

Join Our Team!
